

Our Power To Love

Want to learn more about Human Sexuality?
Need help talking to your kids about sex in a healthy, life-giving way?

Our Power To Love is a versatile, easy to read book on fertility appreciation written by medical and theological experts at Family Honor, Inc. Now available in Spanish!

It incorporates the physiology of sexual maturing within Pope St. John Paul II's Theology of the Body, and teaches the basics of fertility appreciation within the larger context of the virtue of chastity.

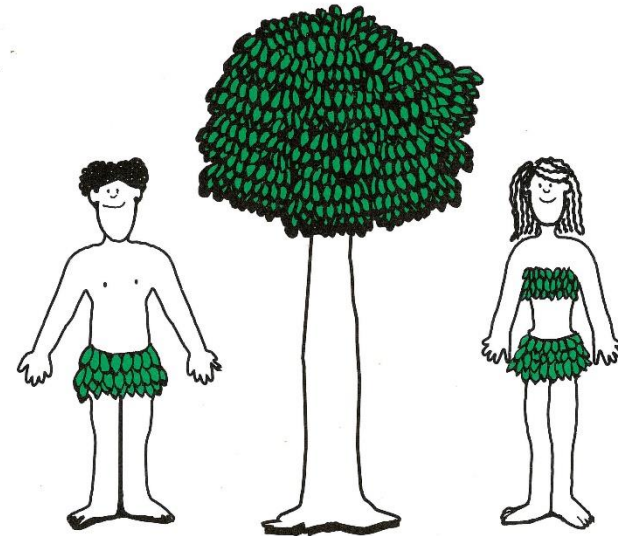

Designed to prepare and empower parents, the primary educators of their children, to evangelize about the truth and meaning of God's gift of sexuality, this book is a primary resource selected by the Human Sexuality Formation Committee for use throughout the Archdiocese of Omaha.

More information on recommended Human Sexuality Formation resources and the ongoing work of this committee can be found at Family.ArchOmaha.org/respecting-life/sexuality

Our Power To Love

God's Gift of Our Sexuality

Gen. 1:27
"...in the image of God he created him;
male and female he created them".
